MEMORANDUM FOR THE RECORD

SUBJECT: U-22 Buy

25X1 1. [redacted] called and asked for the price of
25X1 8 aircraft with no long lead items being funded at this
25X1 time. I talked to [redacted] at Lockheed three times on
25X1 this, and each time he reiterated that the price outlined
25X1 in [redacted] for the 8 purchase was valid, except for
deducting the [redacted] for long lead time items and [redacted] for
the fee. The total target price for these 8 aircraft is
25X1 [redacted] This is most amazing, because the numbers that
25X1 Lockheed agreed to are the numbers that [redacted] ex-
trapolated from the quote of 6 to 10 aircraft.

25X1 2. [redacted] explained that he will be on the
coast on the 31st when Dr. Flax comes in his office
and the hope is that Dr. Flax will approve a piece of
paper transferring or approving the funds for the first
8 aircraft. If not, the next available day for Dr. Flax
is 6 September.
